The FON Project

The Feminist Opportunities Now (FON) project is led by the International Planned Parenthood Federation (IPPF) in partnership with Médecins du Monde (MDM) France, Empow'Her, the International Federation for Human Rights (FIDH) and CREA (Creating Resources for Empowerment in Action).

This 4-year project, which started in 2022, provides financial and technical support to local feminist organisations working to fight gender-based violence in the following 10 countries: Bangladesh, Burkina Faso, Colombia, Côte d'Ivoire, Ethiopia, Guinea, Kenya, Mexico, Niger and Sri Lanka.

The project's activities are aimed at facilitating their access to funding, developing their network to encourage the sharing of good practices and strengthening their actions at a local, national and international level with decision-making and advocacy bodies. **Empow'Her has created an online training program to support the CSOs that are a part of the FON project.**
